installs

Precision Installs, a Mornington Peninsula based glass, stainless steel and aluminium specialist. Our projects display high quality products, from pool fencing, balustrading, privacy and shower screens, splashbacks and mirrors. We proudly service from the Peninsula to Metro Melbourne area.

The focus of our enthusiastic team is to achieve the highest quality product. We achieve this by having only the highest standard of installers and fabricators. Customer satisfaction is second to none when dealing with Precision Installs.

We offer custom fabrication for domestic and commercial projects.

At Precision Installs we strive to help clients 'Finish the Dream,' making sure each project is delivered with our hands on approach.

Frameless
A modern glass balustrade giving a seamless designer appearance using 12mm toughened glass.

Offset
A contemporary finish using Stainless Steel patch fitting. A variety of handrails are available to complete the look.

Channel
A complete frameless system for a minimalist appearance to ensure you integrate with your surroundings. Two systems are available, a mechanical fixed aluminium channel or a aluminium wet glazed system.

Wire Balustrade
A wire balustrade consists of a series of tensioned 316 grade stainless steel wires connected either vertically, horizontally or in a zig zag pattern.

Spigot
A round or square stainless steel spigot is attached to a platform and fitted with toughened glass to achieve a simplistic finish, available in mirror or satin finish.

Our extensive range of custom balustrades and hand rails can be achieved by contacting the team.

In the modern world we live in there are many variances and ways to achieve individuality. Precision Installs offers full custom fabrication along with custom designs using glass, aluminium and stainless steel including glass roofs and also curved glass. Call us to discuss your vision.

Deck Mount

A square or round marine grade stainless steel spigot is attached to the deck with 12mm toughened glass for a safe and frameless finish. Custom glass panels are available to achieve your desired outcome. Spigots are available in satin or mirror finish.

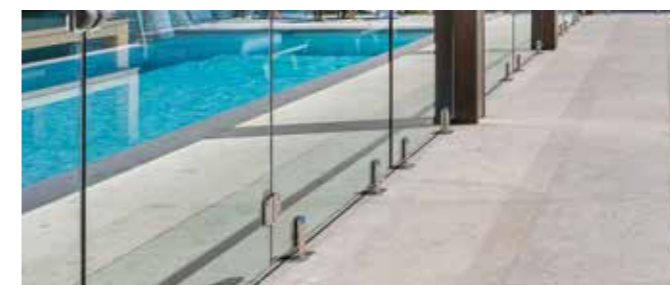

Aluminium Fencing

Depending on your desired look and budget, aluminium fencing is an effective choice. This product is available in a large variety of colours. Custom aluminium fencing is rapidly becoming the trend with sleek lines.

Channel

A complete frameless system for a minimalist appearance to ensure you integrate with your surroundings. Two systems are available, a mechanical fixed channel or a wet glazed system.

Offset Pool Fencing

Off set pool fencing provides a contemporary finish using Stainless Steel patch fittings. Fittings can be powder coated in a variety of colours.

Core Drilled

The square or round marine grade stainless steel spigot is core drilled directly into a concrete substrate then the toughened glass is fitted for a seamless look including a flush cover plate.

Safety

All glass is tested and certified as complying with the requirements of the Australian and New Zealand standard 2208:1996 - Safety glazing material in buildings. Our team will ensure your pool fence complies with Australian Standards.

SCREENING

The seamless low maintenance aluminium blades provide air flow and visibility whilst still meeting the 75% block out requirement of the privacy screen. When privacy is not what you are after, the spacing of the screen can be customised to your needs. The durable and architectural product is available in a range of powder coated colours and sizes. Glass screens are also available.

HANDRAILS

Handrails

Options are endless when it comes to handrails. Our experienced team will work with you to design a handrail to complement your building or environment.

SHOWER SCREENS / MIRRORS / SPLASHBACKS

Shower Screens

Our custom made frameless shower screens create space and style to any bathroom, installed with the highest quality hardware. Semi frameless is also available.

Mirrors

Mirrors are available in 6mm or 4 mm with a polished edge. Mirrors can be framed with a trim to enhance the appearance.

Glass Splashbacks

Glass splashbacks can be made in custom sizes and colours. Being easy to clean, they are a great addition to kitchens, bathrooms and laundries.
